

OFTEN COPIED / NEVER EQUALED™
SINCE 1958

These multiple **M7, M9, C, D & E** size cylinder stands have been designed for use where there is a need for multiple cylinder storage and mobility is not a factor. The all-welded steel construction, combined with our newly designed tubular frame insures greater durability, strength and longer life of the unit.

Anthony has developed a unique cylinder protection system for it's multiple cylinder carts, cylinder stands and racks. These newly designed plastic bumper guards (PATENT PENDING) help protect the surfaces of steel and aluminum cylinders from being scratched, gouged, scraped, or marred. These bumpers also eliminate the clanging noise when cylinders are in transport. **NOTE:** These retrofit bumper guards easily snap into place and **do not come off.**
