

OFTEN COPIED / NEVER EQUALED™
SINCE 1958

MODEL NO. 6406-JD is a rugged heavy-duty cylinder delivery cart designed to hold up to 40 **Jumbo D** size cylinders while in transport or storage. Constructed with a high quality heavy-gauge angle iron steel frame, this unit was tested and load rated using heavier steel cylinders rather than light weight aluminum cylinders. Other features include (2) removable handles, for shipping and storage purposes, and large 6" heavy-duty plate casters (4 locking swivel - 2 rigid - creates a 360 degree turning radius) that can be easily removed for repair, maintenance or replacement.

SOUND DEADENING KITS
**"Makes delivering cylinders
completely invisible to the ears"**

Anthony has developed an exclusive sound deadening system for their multiple cylinder carts, used to distribute cylinders in and around hospitals, rest homes, convalescent homes etc. or where **QUIET** is essential.

These sound deadening kits include heavy-duty sound deadening matting & plastic bumper guards. This formula eliminates the rattling & clanging of steel & aluminum cylinders while in transport.

SOUND DEADENING KIT PART NO: SDK-40JD
