

**OFTEN COPIED / NEVER EQUALED™**  
**SINCE 1958**

**MODEL NO. 6246-JD** is a rugged heavy-duty delivery cart designed to transport or store up to 24 **Jumbo D** size cylinders. Constructed with a high quality heavy-gauge angle iron steel frame, this unit was tested and load rated using heavier steel cylinders rather than light weight aluminum cylinders. Other features include a removable handle, that can be put on the swivel caster side or the rigid caster side for the push or pulling comfort of the operator. Equipped with large 6" heavy-duty plate casters (2 locking swivel - 2 rigid) that can be easily removed for repair, maintenance or replacement.

CASTERS W/ BRAKES

**SOUND DEADENING KITS**  
**"Makes delivering cylinders  
completely invisible to the ears"**

Anthony has developed an exclusive sound deadening system for their multiple cylinder carts, used to distribute cylinders in and around hospitals, rest homes, convalescent homes etc. or where **QUIET** is essential.

These sound deadening kits include heavy-duty sound deadening matting & plastic bumper guards. This formula eliminates the rattling & clanging of steel & aluminum cylinders while in transport.
