

OFTEN COPIED / NEVER EQUALED™
SINCE 1958

These heavy-duty carts are designed to transport multiple types and sizes of cylinders. Its unique slanted floor plate, and deeper design, angles the cylinders to the rear of the cart for safety. Features include a rectangular design for compact nesting in delivery trucks, dual handles for easy maneuvering in tight places, heavy-duty rugged 6" steel locking casters and ratchet straps standard on all models. **Phenolic, Neoprene and Polyurethane casters are available upon request.**

Handles both Post Type Valve and Integrative Valve Unit (IVU) cylinders.

CB50-4SV

HEIGHT: 48" WIDTH: 42" (O.D.)
